“Our Business Rates & Service Charges” explains current terms, rates and service charges applicable to the business savings, checking and certificate accounts we offer. We may offer other rates and require other service charges or amend the rates and service charges, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this disclosure and acknowledges that it is a part of the Business Service Agreement (BSA).

Rates for Savings, Checking and Certificate Accounts

Effective Date:	Dividend Rate	Annual Percentage Yield	Minimum Opening Balance	Minimum Balance to Earn APY	Dividends Compounded & Credited	Dividend Period
10/31/2023						
Regular Business Share	0.00%	0.00%	\$5	n/a	n/a	n/a

Business Certificate						
6 Months	1.50%	1.51%	\$500	\$500	Monthly	Monthly
10 Months	5.27%	5.40%				
12 Months	3.0%	3.04%				
18 Months	5.46%	5.60%				
24 Months	3.25%	3.30%				
36 Months	2.35%	2.38%				
48 Months	2.55%	2.58%				
60 Months	2.65%	2.68%				

Explanation of Rates & Service Charges

As explained in the BSA, Our Business Rates & Services Charges disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts you have with us are identified above. The Dividend Rate and Annual Percentage Yield set are the rates and yields for the last dividend period as set forth above. For all accounts except money investment accounts and certificates, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Board of Directors. For money investment accounts, the Dividend Rate and Annual Percentage Yield may change weekly as determined by the Board of Directors. Money investment accounts are tiered rate accounts. For these accounts, if the balance in the account is within the balance range for a particular tier, the dividend rate for that tier will apply to the entire balance in the account. Regular Share and Holiday Club accounts are stepped rate accounts. For these accounts, the dividend rate for a particular tier will apply only to the portion of the account balance that is within that tier. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

3. Compounding and Crediting

Dividends will be compounded and credited as identified above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to start each account and earn the stated Annual Percentage Yield is identified above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For all dividend bearing accounts except certificates, dividends are calculated by using the Average Daily Balance method, which applies a daily periodic rate to the average daily balance in the account for the period. The average daily balance is computed by adding the balance in the account for each day in the period and dividing that amount by the number of days in the period. For certificates, dividends are calculated by using the Daily Balance method, which applies a periodic rate to the balance in the account each day.

6. Account Limitations

For Business Regular Share accounts, you may not make more than four (4) covered transactions per month. Covered transactions include your checks, transfers initiated through online banking or mobile banking, ACH transfers, merchant point of sale transactions, preauthorized or automatic transfers, and overdraft protection transfers. Transfers to pay a loan with us are not covered by this limit. The date we use to determine the number of transactions is the date a transaction is posted to (actually credited to or debited from) an account, rather than the date you initiate the transaction. If you exceed this limit, we may refuse or reverse the transaction, and we may impose a charge as specified in the listing of service charges provided below. If you repeatedly exceed this limit, we may terminate the account.

7. Certificate Account Features

a. Account Limitations

After you start the account, you may not make additional deposits to a Certificate Account.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

1) Amount of Penalty. For certificates with a term of 12 months or less, the amount of the early withdrawal penalty is 90 days dividends calculated on the amount withdrawn. For certificates with a term of more than 12 months, the amount of the early withdrawal penalty is 180 days dividends calculated on the amount withdrawn.

2) How the Penalty Works. The penalty is calculated as a forfeiture of part of the interest that has been or would be earned at the nominal interest rate on the account. It applies whether or not the interest has been earned. In other words, if the account has not yet earned enough interest or if the interest has already been paid, the penalty will be deducted from the principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction.

d. Renewal Policy

Certificate accounts are automatically renewable accounts. Automatically renewable accounts will renew for another term upon maturity. There is no grace period after maturity in which to withdraw funds in the account without being charged an early withdrawal penalty.

e. Nontransferable/Nonnegotiable

The account is nontransferable and nonnegotiable. The funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

Sunbelt Federal Credit Union - Our Rates & Service Charges (Effective 10/31/2023)

Account History Printout.....	\$2.00 per page	Lien Release (Mortgage).....	\$35.00 per lien
